

A QUICK GUIDE TO CONTEST MANAGEMENT SYSTEM

COMP1010 Introduction to Programming

Oct. 07, 2021

Contest Management System

- CMS, or Contest Management System, is a distributed system for running and (to some extent) organizing a programming contest.
- CMS has been designed to be general and to handle many different types of contests, tasks, scorings, etc.
- We use CMS to grade your code in the COMP1010.

How to submit your code to CMS?

- **Step 1:** Go to <https://cms.comp1010.vn/>
- **Step 2:** Choose the right lab.

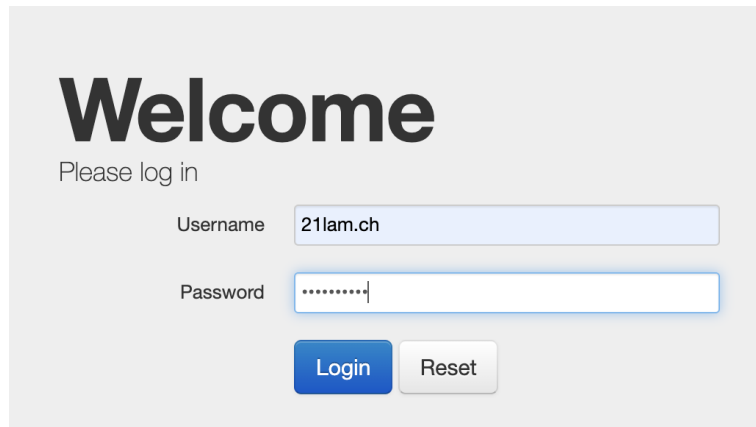

Choose a contest

Lab 03
Lab 04
Lab 05
Lab 06

- **Step 3:** Login to the system using the following information:

Username: Your Login ID (e.g. 21minh.nt)

Password: SIS ID (e.g V2021XXXXX)

A login page with a light gray background. At the top, the word "Welcome" is written in a large, bold, black font. Below it, the text "Please log in" is in a smaller, regular black font. There are two input fields: "Username" with the value "21lam.ch" and "Password" with masked characters ".....". Below the password field are two buttons: a blue "Login" button and a light gray "Reset" button.

- **Step 4:** For each problem, navigate to “**submissions**” and submit your code.
